INEDIT

open INnovation Ecosystems  
for Do It Together process

**Open Innovation  
Ecosystem for  
Do It Together process**

**Design Global, Produce Local**

This project has received funding from the European Union's  
Horizon 2020 research and innovation programme under Grant  
Agreement No. 869952

# INEDIT Approach

INEDIT demonstrates the potential innovation of **Social Manufacturing Models**

through its digital and physical **Platform**

creating an Open Innovation European **Do It Together ecosystem**

for sustainable furniture **Co-creation**

## Use Cases

**Flexible wood work centers**

**3D printing of wood**

**Recycled plastic 3D printing**

**Smartification of furniture**

## Targeted value elements

Local jobs and local renewable or recyclable material

Greener customized & sustainable products

On-demand and ethical production

Transparency in manufacturing with makers & customers

New automated manufacturing processes & machines
